## EXHIBITIONS 2019

### ANONYMOUS DRAWINGS ARCHIVE

10th february 2019 - 19th may 2019

How does our own judgment change when we don't know anything about the authors and their origins? How does the value develop when prices are consistent? Where is the border between art and non-art? The Kunsthaus Kanne will present more than 500 drawings from the ANONYMOUS DRAWINGS ARCHIVE, which was initiated in 2016 by the Berlin artist Anke Becker.

### EVERYTHING FROM GROUND, LOAM AND CLAY

26th may 2019 - 9th september 2019

Loam and clay are the oldest artificial materials in history. The exhibition presents a variety of artistic ceramics of the present: The objects of Nicole Szlachetka show literally, sensitively and humorously what is going on in our heads. The small pieces by Katharina Bendel look like living fragments. Stereotypical figurative series by Paul Berger, mysteriously unstable layered towers by Helmut Licznierski and triumphant objects by Hubertus Roerkohl, who piles up the material for his dazzling „cup“ in the style of a trophy, will be shown.

### ART FAIR 2x2 FORUM OUTSIDER ART

3rd - 6th october 2019

Already for the sixth time the 2x2 Forum takes place in Münster: the expression "2x2" is the title and the concept of the art fair as well: artists studios', art projects, universities, galleries and museums will come together to present their concepts and offer works for sale. All parties concerned will gladly be at anyone's disposal to answer questions, accept suggestions or simply discuss. An area of 2x2 meters will be available for each exhibitor for his presentation. Compact and versatile, limited and individually starts at the exhibition hall of the art-house kanne.

### 22. ANNUAL SALES EXHIBITION

20th october 2019 - 26th january 2020

An annual exhibition has been held in Kunsthaus Kanne on a regular basis since 1996. Works of art are presented by the artists from the Kunsthaus studio by their own and external artists, not forgetting talented artists from the younger generation. The artists had responded to a regional call for applications for the exhibition. The paintings and objects on display are for sale.

# Das Kunsthaus Kannen

Museum for Outsider Art and Art Brut

Kunsthaus Kannen is situated between Lüdinghausen and Münster in the middle of the green parkland of Münsterland, in close proximity to the Dortmund-Ems canal with excellent connections to its extensive bicycle routes. An integral part of the Alexianer Münster GmbH, a clinic for psychiatry and psychotherapy since 1996, Kunsthaus Kannen was originally created in order to support the needs of long-term patients with exceptional artistic talent. Their creativity and development has been supported since the early 1980s. The created works were so convincing that the erection of a museum with ateliers made sense.

Klaus Mücke

In the course of years, Kunsthaus Kannen not only expanded but also gained a national and international reputation as a well-known place to meet and exchange views. Numerous national and international exhibitions and cooperations between outsider artists and professional artists have resulted in Kunsthaus Kannen evolving into a meeting place for Contemporary Art and Art Brut.

A spacious new building covering an area of 620m<sup>2</sup> which is suitable for people with special needs has been providing space for art studios and an exhibition hall under the same roof since 2000 with lots of space for projects, workshops, conferences and lectures dealing with the subjects "art and psychiatry", "art brut" and "outsider art". Today, Kunsthaus Kannen is strongly integrated in the city's cultural offer.

## Studios

The Kunsthaus Kannen studios for drawing and painting provide room for 15 people in an area of 150sqm, and these spaces are an integral part of the hospital's different projects. For those who are looking for sculptural expression there is also a work-room available. Under the care of experienced art therapists, both psychiatric and mentally disabled people have the opportunity to develop their talents and to learn different techniques of artistic expression.

Furthermore there are various workshops which provide the opportunity to meet artists from other studios, both Germany and beyond, as well as to exchange and expand their experiences gained during years of active creativity. A studio community has arisen, in which everybody is able to develop his or her own style. In a supporting climate full of esteem and acceptance pictures, sculptures, drawings, figures and actions are created.

## Collection

Using the wealth of material collected of more than 35 years of art therapy, Kunsthaus Kannen has organized numerous exhibitions both around Germany and abroad. The collection now consists of more than 5000 works of art including drawings, paintings and several sculptural objects.

As an integrative meeting place, the Kunsthaus welcomes all of the interested visitors to its studios and exhibitions, small specialized library and museum shop.

The new Book of Kunsthaus Kannen (incl. DVD) presents 45 artists that work here for generations. Kerber Verlag, 304 pgs, ISBN 978-3-7356-0303-6 für 35,-€
